

This brochure will help familiarize you with your new garbage and recycle services. We look forward to providing you with curbside garbage and recycle collection and want to make your experience with us a pleasant one. In order to minimize confusion and help us to serve you better, we ask that you read, familiarize yourself, and follow the following guidelines and procedures.

**CITY OF OXFORD REQUIREMENTS
CONCERNING CURBSIDE GARBAGE
COLLECTION & RECYCLING:**

All grass, leaves, hedge trimmings and small items should be bagged, boxed or containerized in some manner, with the exception of city leaf collection when they can be placed at the curbside during the city's designated leaf season: Oct 15 through Jan. 15.

All trash should remain behind curbing and not in the streets, because this is very hazardous to traffic.

Construction, remodeling, or demolition material will not be removed by Waste Industries under city contract. Trash will not be removed from vacant lots.

Removal of appliance's (white goods) must be paid for in advance by owner - \$15 per item.

All garbage & recycle carts must be returned from the curb to your home or business by 8:00PM on collection day.

Bulky Items

This waste shall be collected every Friday, not to exceed 200 lbs. per household per week. Items placed out for collection must be of size, shape and weight that one person can collect. Items larger than this must be disposed of by the resident at the local county convenience center.

Back door service is only available when all residents of a home qualify for a certificate of disability. Please call the City for more information (919) 603-1120
Please provide the City with a current contact number in the event you may need to be contacted for any changes in your schedule service.

Landfill Restrictions

Due to NC State Landfill laws, we are unable to accept the following materials: car tires, car batteries, construction debris, yard waste (grass, leaves branches) flammable liquids such as: paint cans, anti-freeze, motor oil, or any other liquids, and oil filters. These items are banned from landfills by state law and should these materials be in your trash, fines could be assessed. (Note: clean motor oil plastic containers and pesticide plastic containers are not banned and should be disposed of with your regular household trash.) Aluminum cans and other plastic bottles must be placed in your recycling cart.

Collection Times

Your cart should be at the curb by 6:00AM on your collection day, to ensure proper and prompt collection. In the event the cart is not out and you are unable to wait until the following week, a \$15.00 service call back fee is available. We ask that you bag your trash (not your recycling); this helps to avoid loose trash blowing in your neighborhood and keeps the container clean.

Holidays

Please listen for an automated phone message during the weeks of Thanksgiving, Christmas and New Year's for any changes to your schedule. Also, check the City's website. (Please make sure the City has a valid contact phone number in which to contact you). These are the only holidays that will affect your service. All other holidays will operate on a normal schedule.

Curbside Trash Service

The 95-gallon cart (the larger of the two carts, gray in color and for trash only) provided for weekly pick up should accommodate a normal household's waste for that time period. An extra bag or two occasionally is permissible. Should there be a large amount of trash at the street, we will not collect it, and you have the option to call and request a special pick up at an additional charge. If it becomes commonplace for this to happen, you will be asked to increase

your level of service (number of carts to handle the large amount of trash that is produced.) For an additional cart, please contact the City.

Curbside Recycle Collection

The 65-gallon cart (the smaller of the two carts, dark green in color, and for recycle only) provided for every other week pick up, should accommodate a normal household's recycling. Please do not bag your recyclable material.

You can conveniently recycle the following items:

Glass- glass must be a food or beverage containers of any color. Not accepted are ceramic materials or plate glass: ex. coffee cups, window panes, plates.

Aluminum & Steel Cans- any aluminum beverage containers & steel food cans. Not accepted are aluminum foil or pie plates.

Newspaper, Magazines & Junk Mail- Newspaper & all inserts, magazines with stapled bindings, office paper, cereal box like cardboard and junk mail. Not Accepted- corrugated cardboard like moving boxes, hardback books, tissue or other paper products. Please do not include phone books.

** Corrugated cardboard can be recycled at county convenience sites **

Plastics- Plastic bottles & milk jugs. Not accepted are antifreeze or motor oil jugs, cat litter buckets, butter or yogurt tubs, grocery bags.

Recycle tips: Rinse containers to avoid insects and odors in the warmer months, *Crush plastic and aluminum containers to avoid your recycle cart overflowing between service days.*

Yard Waste:

If your address is north of Hillsboro St. and Williamsboro St, your service day will be Tuesday. If your address is on or south of Hillsboro St. and Williamsboro St., your service day will be Wednesday.

Limbs should not exceed 4 feet in length. Yard waste should not exceed 200 lbs. per week.

Where brush is in excess of 2 inches in diameter, please cut into 2-3 foot lengths. NO stumps will be picked up.

Brush and limbs are to be tied or bundled. If not, please stack all ends the same way in a neat pile. Each bundle should not exceed 50 lbs.

All leaves, grass, hedge trimmings and small items should be bagged, boxed or containerized in some manner and should not exceed 50 lbs. Leaves may be left loose (unbagged), at the curb, during leaf season - Oct. 15- Jan. 15 for collection by the City.

Do not blow mowed grass into the street. This can clog storm drains and add nitrogen and phosphorous to creeks.
